To Whom It May Concern,

The Consultancy Group have been managing our account of 34 mobile phones from September 2008.

In the short amount of time we have been working with The Consultancy Group they have upgraded our handsets, changed our plan to suit our company's requirements and have saved us on average £900.00 per month.

Our personal account manager at The Consultancy Group is Darren Pugh. Darren has always dealt with any query efficiently and on the rare occasion when Darren has been unavailable other team members have dealt with the query just as efficiently. Every promise that was made when signing with Darren has been met to the highest standard.

From the excellent service I have received from The Consultancy Group I would highly recommend them to any company looking for somebody to manage their mobile phone account.

Kind Regards
